Dear Taxpayer . . .

The forms and instructions included in this booklet are provided to you based on the information in your 1999 return. You may, however, be required to file Form 40. Before you start to complete Form 40NR, please check **Which Form to File** on page 5 of the instructions to see which form you should use this year. If you need additional forms, check our Web site at **www.ador.state.al.us**, or you may use the order blank on page 31 of this booklet.

Providing the most prompt and efficient service possible is one of the primary goals of the Department of Revenue. We have continued to update our processing methods to enable us to make progress toward this goal. We expect to return income tax refunds faster this year than ever before. However, our performance also depends on your accuracy and promptness. If you have any questions about the status of your refund, please call VRIS (Voice Refund Inquiry System) at **(334) 353-2540**.

You can do some important things to make sure that your 2000 return can be processed efficiently this year. Please see **When Should I Receive My Refund?** on page 15 for reasons your refund may be delayed.

If you need help in completing your return or if you just have a question about your tax return, please call or come by our Taxpayer Service Center in your area. The addresses and phone numbers are listed for your convenience just inside the front cover of your booklet.

The Department of Revenue has made consistent improvement in processing returns and getting refunds to taxpayers. Please help us continue this improvement by mailing your return as early as possible. If you have any suggestions for the forms or instructions, please write and let us know.

Thank you for your cooperation.

# How To Use This Instruction Booklet

The instructions for **Form 40NR** are divided into five main sections.

- **SECTION 1** contains information on who must file, how to choose the correct form, and when to file a return.
- **SECTION 2** contains useful steps to help you prepare your return.
- **SECTION 3** contains line-by-line instructions for most of the lines on your return.
- **SECTION 4** contains general information about such items as amending your tax return, how long to keep records, and when you should receive your refund.
- **SECTION 5** contains instructions for completing most of the schedules that may be attached to Form 40NR.

If you follow the steps in Section 2 and the line-by-line instructions in Section 3, you should be able to fill in your return quickly and accurately.

## SECTION 1 Filing Information

First, be certain you need to file a tax return. Your marital status, filing status, and gross income determine whether you have to file a tax return. Gross income usually means money, goods, and property you received on which you must pay tax. It does not include nontaxable benefits. See page 7 of the instructions to find out which types of income you should include.

### Other Filing Requirements

**Refunds.** Even if your gross income was less than the amounts shown, you must file a return to get a refund if Alabama income tax was withheld from any amounts paid to you.

**Domicile.** Individuals who are domiciled in (or residents of) Alabama are subject to tax on their entire income whether earned within or without Alabama. This is true regardless of their physical presence within Alabama at any time during the taxable year. Domicile is where one lives and has a permanent home and has the intention of returning when absent. Domicile may be by birth, choice, or operation of law. Each person has one and only one domicile which, once established, continues until a new one is established coupled with the abandonment of the old. Burden of proof regard-

ing change of domicile is on the taxpayer even though he/she owns no property, earns no income, and has no place of abode in Alabama.

If an Alabama resident accepts employment in a foreign country for a definite or indefinite period of time with the intent of returning to the United States, the individual remains an Alabama resident and all income, wherever earned, is subject to Alabama income tax. This is true even if the taxpayer leaves no property in Alabama.

If a citizen of a foreign country comes to Alabama to work (no matter how long he stays), buys a home, secures an Alabama driver's license, does not intend to apply for U.S. Citizenship, and intends to ultimately return to the country of origin, the individual will be considered to have established domicile in Alabama. In other words, a foreign citizen domiciled in Alabama is liable for Alabama income tax on income earned from all sources.

**Military Personnel (Residents).** Military personnel whose legal residence is Alabama are subject to Alabama income tax on all income regardless of source or where earned unless specifically exempt by Alabama law.

Military personnel (Army, Navy, Marine, Air Force, Merchant Marine, and Coast Guard) who were residents of Alabama upon entering military service remain residents of Alabama for income tax purposes regardless of the period of absence or actual place of residence until proof of change in home of record has been made. The burden of

service, each could be a resident of a different state under the Soldiers' and Sailors' Civil Relief Act. A spouse not in military service has the same domicile as his/her spouse unless proven otherwise.

**Military Personnel (Nonresidents).** Nonresident military personnel merely having a duty station within Alabama (whose legal residence is not Alabama) are not required to file an Alabama income tax return unless they have earned income from Alabama sources other than military pay. If they have earned income in Alabama other than military pay, they are required to file Alabama **Form 40NR**. A married nonresident with income earned in Alabama may file either a separate return claiming himself or herself only, or a joint return claiming the total allowable personal exemption. However, if a joint return is filed, income from both spouses must be included on the return.

**Dependent's and Student's Income.** Dependents who are residents of Alabama must file a return if they meet the requirements under You Must File A Return IF... on this page. A student's income is fully taxable the same as other individuals who are required to file a return. If a return is required, the dependent or student can claim a personal exemption of \$1,500 and his or her parents may claim a dependent exemption of \$300 if they provided more than 50% of the total support.

### When To File

You should file as soon as you can after January 1, 2001, but no later than April 15, 2001. If you file late you may have to pay penalties and interest. (See **Penalties and Interest** in these instructions.) If you know you cannot meet the April 15 deadline, you should ask for an extension using **Form 4868A**, Application for Extension of Time to File Alabama Income Tax Return. This form must be filed by April 15, 2001, or it will not be approved. If April 15 falls on a Saturday, Sunday, or State holi-

proof is on the taxpayer though he owns no property, earns no income, or has no place of abode in Alabama. Under the provisions of the Soldiers' and Sailors' Civil Relief Act, military personnel are not deemed to have lost their permanent residence in any state solely because they are absent in compliance with military orders. In addition, persons are not deemed to have acquired permanent residence in another state when they are required to be absent from their home state by virtue of military orders. If the husband and wife are both in military

day, the return will be due the following business day.

Original returns must be filed within two years of the date the taxes are paid to be eligible for a refund. Criminal Liability could result from a continued failure to file returns. (Refer to "**Criminal Liability**" on Page 13.)

**Note:** Form 4868A extends the time to file your return without being charged a failure to timely file penalty. However, you will be charged interest at the same rate as currently prescribed by the Internal Revenue Service on any additional tax due when your return is filed.

## Which Form To File

### You MAY Use Form 40A If You Meet **ALL** The Following Conditions:

- You were a resident of Alabama for the entire year.
- You do not itemize deductions.
- You do not claim any adjustments to income such as an IRA deduction, alimony paid, etc.
- You do not have income from sources other than salaries and wages, except for interest and dividend income, which cannot exceed \$1500.00.
- You are not claiming income or a loss from Schedules C, D, E, or F.
- You are not claiming credit for taxes paid to another state.
- You are not reporting income and deductions on an accrual basis.

### You MUST Use Form 40 If:

- You were a full or part-year resident of Alabama and do not meet **ALL** of the requirements to file Form 40A.
- You are itemizing deductions.

### You MUST Use Form 40NR If:

- You are not a resident of Alabama and you received taxable income from Alabama sources or for performing services within Alabama and your gross income from Alabama sources exceeds the allowable prorated personal exemption. Nonresidents must prorate the personal exemption. If your Alabama gross income exceeds the prorated amount, a return must be filed.

### You MUST Use Both Form 40 and Form 40NR If:

- You had sufficient income to require the filing of a part-year return and also had income from Alabama sources while a non-resident during the same tax year. In this case, both the total personal exemption **and** the dependent exemption **must** be claimed in the part-year resident return. No exemption can be claimed on the nonresident return. The part year resident return should include only income and deductions during the period of residency and the nonresident return should include only income and deductions during the period of nonresidency.

## SECTION 2 Steps for Preparing Your Return

By following these six useful steps, and reading the line-by-line instructions, you should be able to prepare your return quickly and accurately.

### Step 1

#### Collect all your necessary records.

**Income Records.** These include any **Forms W-2, W-2G, and 1099** that you have. If you do not receive a Form W-2 by February 1, OR if the one you receive is incorrect, please contact your employer as soon as possible. Only your employer can give you a Form W-2, and only he or she can correct it.

If you have someone prepare your return for you, make sure that person has all your income and expense records so he or she can fill in your return correctly. Remember, even if your return is prepared incorrectly by someone else, you are still responsible.

**Itemized Deductions.** If you itemize deductions (Forms 40 or 40NR), some of the records you need are:

- Medical and dental payment records,
- Real estate and personal property tax receipts,
- Interest payment records for a home mortgage.

### Step 2

#### Obtain any forms or schedules you may need.

In general, we mail forms and schedules based on the return filed last year. Before filling in your return, look it over to see if you need more forms or schedules.

If you think you will need any other forms, get them before you start to fill in your return. Our Alabama Taxpayer Service Centers (see page 2 of this booklet for addresses) can supply you with the additional Alabama forms you need, or you may use the order blank on the next to last page of this instruction booklet. We will send you the forms and schedules requested. The fastest method to obtain instructions and forms, is to visit our Web site at: [www.ador.state.al.us](http://www.ador.state.al.us). Also, your local bank, post office, or public library may have some of them.

### Step 3

#### Check your return to make sure it is correct.

See **Common Mistakes** on page 10.

### Step 4

#### Use the mailing label we sent you.

The label helps us identify your account and saves processing time.

### Step 5

#### Sign and date your return.

Form 40, 40A, or 40NR is not considered a return unless you sign it. Your spouse must also sign if it is a joint return. Original signatures are required or the return will not be accepted.

### Step 6

#### Attach all necessary forms and schedules.

Attach the copy marked "To Be Filed With Your State Income Tax Return" of **Forms W-2, W-2G, and 1099** to the front of your return. Attach schedules and forms in "sequence number" order. The number is printed below the year in the upper right corner of the schedule or form.

If you need more space on forms or schedules, attach separate sheets and use the same format as printed forms, but show your totals on the printed forms. Please use sheets that are the same size as the forms and schedules. Be sure to put your name and social security number on these separate sheets, and attach them at the end of the return.

If you owe tax, be sure to include payment and Form 40V with your return.

Before mailing your return, check to make sure you have retained an exact copy for your records.

## SECTION 3 Line-By-Line Instructions

**Note:** You should complete your Federal return before you can complete your Alabama return.

For efficiency and ease in completion of your Alabama return, complete page 2 before starting page 1. All individuals **MUST** complete Part VI, page 2, and certain individuals may also need to complete Parts I, II, III, IV, and V as applicable to their situation.

### Name and Address

Please use the **preprinted** mailing label. If you do not have a label, type or print your name, address, and social security number in the appropriate blocks.

If you are filing a joint return and have different last names, separate the names with an "and." For example: "John Brown and Mary Smith."

**NOTE:** Do not attach your label to the return until the return is completed. Please make sure the information on the label is correct.

If your name has changed or if you were married or divorced during the year, please correct the name portion of the label. If you moved during the year and the label shows your old address, correct the label using your new address. Corrections should be made by drawing a line through the incorrect information and adding the new information on the label. If you live in an apartment, please include your apartment number in the address. If the post office delivers mail to your P.O. box number rather than to your street address, write the P.O. box number instead of your street address.

Always leave a forwarding address with your local post office when you move.

## Social Security Number

Each year thousands of taxpayers submit returns using an incorrect social security number. Usually this number belongs to another taxpayer. It is very important that you submit your return using the correct social security number. Failure to show your correct social security number(s) in the space(s) provided WILL DELAY the processing of your refund. Listed below are a few of the common reasons why a social security number is reported incorrectly:

- failure to verify information on preprinted label.
- memorized wrong number.
- copied number wrong.
- gave an incorrect number to the tax preparer.
- gave your employer an incorrect number.

---

**IMPORTANT:** Check your W-2 forms. Your employer may be reporting an incorrect number for you.

---

If you are married and filing a joint return, write both social security numbers in the blocks provided.

---

**Caution:** If the label is for a joint return and the social security numbers are not listed in the same order as the first names, write the numbers in the correct order.

---

If you are married and filing separate Alabama returns, write your spouse's name and social security number on line 5.

If your spouse is a nonresident alien, has no income, does not have a social security number, and you file a separate return, write "NRA" in the block for your spouse's social security number. If you and your spouse file a joint return, your spouse must have a social security number.

If you or your spouse do not have a social security number, please get **Form SS-5** from a Social Security Administration (SSA) office. File it with your local SSA office early enough to get your number before April 15.

---

**IMPORTANT:** Notify the Social Security Administration (SSA) immediately in the event you have changed your name because of marriage, divorce, etc., so the name on your tax return is the same as the name the SSA has on record. This helps prevent delays in processing your return.

---

## Filing Status and Personal Exemption Lines 1 through 5

You should check only the box that describes your filing status. The personal exemption will be determined by your filing status on the last day of the tax year.

### Single

Consider yourself single if on December 31 you were unmarried or separated from your spouse either by divorce or separate maintenance decree.

**If you check box 1, multiply \$1,500 by the percentage on line 11, and enter the result on line 16.**

### Married

#### Joint or Separate Returns?

**Joint Returns.** Most married couples pay less tax if they file a joint return. You must report all income, exemptions, deductions, and credits for you and your spouse. Both of you must sign the return even if only one of you had income. The State of Alabama **does** recognize a common law marriage for income tax purposes.

You and your spouse can file a joint return if you were living together on December 31 even if you did not live together for the entire year. Both of you are responsible for any tax due on a joint return, so if one of you does not pay the other may have to.

---

**Note:** If you file a joint return, you may not, after the due date of the return, choose to file separate returns for that year.

---

If your spouse died in 2000, you can file a joint return for 2000. You can also file a joint return if your spouse died in 2001 before filing a 2000 return. For details on how to file the joint return, see **Death of Taxpayer** on page 14.

**If you check box 2, multiply \$3,000 by the percentage on line 11, and enter the result on line 16.**

**Separate Returns.** You can file separate returns if both you and your spouse had income, or if only one of you had income.

If you file a separate return, report **only** your own income, exemptions, deductions, and credits. You are responsible only for the tax due on your return.

---

**Note:** Alabama is not a community property state.

---

If you file a separate return, write your spouse's full name and social security number in the spaces on line 5.

If your spouse does not file, attach a statement explaining why your spouse is not required to file.

**If you check box 3, multiply \$1,500 by the percentage on line 11, and enter the result on line 16.**

## Head of Family

An individual shall be considered "Head of Family" if, and only if, such individual is not married at the close of their tax year, is not a surviving spouse and their qualifying dependent is not a foster child.

You may check the box on line 4 **ONLY IF** on December 31, 2000, you were unmarried or legally separated and meet either test 1 or test 2 below.

**Test 1.** You paid **more than half** the cost of keeping up a home for the entire year provided that the home was the main home for your parent whom you can claim as a dependent. Your parent did not have to live with you in your home,

**OR**

**Test 2.** You paid **more than half** the cost of keeping up a home in which you lived and in which one of the following also lived for more than 6 months of the year (temporary absences, such as for vacation or school, are counted as time lived in the home):

a. Your **unmarried** child, grandchild, great-grandchild, etc., adopted child, or stepchild. This child does not have to be your dependent.

b. Your **married** child, grandchild, great-grandchild, etc., adopted child, or stepchild. This child must be your dependent. But if your child's other parent claims him or her as a dependent under the federal rules for **Children of Divorced or Separated Parents**, this child does not have to be your dependent.

c. Any relative whom you can claim as a dependent. (See definition of a dependent on page 8.)

If the person for whom you kept up a home was born or died during the year, you may still file as "Head of Family" if the home was that person's main home for the part of the year he or she was alive.

**If you check box 4, multiply \$3,000 by the percentage on line 11, and enter the result on line 16.**

If you claim "Head of Family" filing status, you **must** also complete line 5. Show on this line the name, social security number, and relationship of the person that qualifies you as "Head of Family." This person should also be listed in Part V, page 2, line 1a, if you provided over 50% of his or her support.

## Special Rules

A nonresident taxpayer who receives income from Alabama sources or for performing services within Alabama and who also had income while a resident of Alabama during the same tax year must file **both** the Alabama Nonresident Form 40NR and the Alabama Part-year Form 40. **If you are required to file both returns, the total personal exemption (\$1,500 or \$3,000) and the dependent exemption (\$300) must be claimed on the part-year return (Form 40). No personal exemption or dependent exemption can then be claimed on the nonresident return (Form 40NR).**

## Income

A nonresident of Alabama is subject to tax on all income received within or for services performed in Alabama and amounts received from the sale of property located in Alabama unless specifically exempt. The term "income" includes, but is not limited to, salaries, wages, commissions, income from business or professions, alimony, rents, royalties, interest, dividends, and profits from sales of real estate, stocks, or bonds. Military pay is taxable income except for compensation received for active service in a designated combat zone.

- Beginning January 1, 1998, all benefits received from Alabama Prepaid Tuition Contracts (PACT).

### Rounding Off To Whole Dollars

Round off cents to the nearest whole dollar on your return and schedules. You can drop amounts under 50 cents. Increase amounts from 50 to 99 cents to the next dollar. For example: \$1.39 becomes \$1.00, and \$2.69 becomes \$3.00.

### Lines 6a through 6c

#### Wages, Salaries, Tips, Etc.

Show the name and address of each employer on lines 6a through 6c.

**Alabama Income Tax Withheld.** In column A, headed "Alabama tax withheld", enter the amount of Alabama income tax withheld by each of your employers. The amount withheld is shown on the state copy of your **Form W-2**. This copy should be marked "To Be Filed With Your State Income Tax Return."

**Note: Do not change or alter the amount of tax withheld or wages reported on your Form W-2. If any amount is incorrect or illegible, you should contact your employer and request a corrected statement.**

**Do not** include these taxes as Alabama income tax:

- Federal income tax,
- FICA tax (Social Security and Medicare),
- Local, city, or occupational tax, or
- Taxes paid to another state.

Amounts withheld should be listed on the same line with the employer's name and amount of income.

Add the amounts in column A and enter the total on line 22.

**Income From ALL Sources.** In column B headed "All Sources" show the total amount of wages, salaries, fees, commissions, tips, bonuses, and other amounts you were paid before taxes, insurance, etc. were taken out.

Be sure to show in column B the total income received from all sources. This includes the income earned in Alabama as well as the income earned outside of Alabama. Even though the income

earned outside of Alabama is not taxable to Alabama, it must be included in order to determine the ratio of Alabama income to total income from all sources. This determines the personal exemption, dependent exemption, and itemized deductions or standard deduction you may claim in arriving at the income on which you figure the amount of tax you owe Alabama.

The total income from all sources shown in column B should be computed as if you were a resident of Alabama. (See "Examples of Income You Do Not Report" and "Examples of Income You Must Report" on page 7 of these instructions for further information on the income which should be included in column B.)

**Alabama Income.** The amount shown in the box headed "State Wages" on your Alabama Form W-2 should be included in column C headed "Alabama Income." The amount shown in this box may or may not be the same as the amount taxable for federal purposes. Report all wages, salaries, fees, commissions, tips, bonuses, and other amounts of income that were earned in Alabama even if you do not have a Form W-2. (These amounts should also have been included in column B.)

**Note:** *State of Alabama employees will find that the amount taxable for state purposes is, in most cases, more than the amount taxable for federal purposes. This is due to the fact that amounts deducted from their wages as "Contributions to the Alabama State Retirement System" qualify for deferral on the federal return, but do not qualify for deferral on the Alabama return.*

**Statutory Employees.** If you were a statutory employee, the "Statutory employee" of your W-2 form should be checked. Statutory employees include full time life insurance salespeople, certain agent or commission drivers and traveling salespeople, and certain homeworkers.

If you are deducting business expenses as a statutory employee, report the amount shown in Box 1 of your W-2 form and your expenses on Schedule C. If you are not deducting business expenses, report your income on line 6.

## Line 7 Other Income

All taxable income you received that is not reported on lines 6a through 6c should be entered on line 7. This includes interest income, dividends, rents, royalties, gains from sale of property, etc.

See **Examples of Income You DO NOT Report** and **Examples of Income You MUST Report** on page 7 of these instructions for further details on income which should be included on this line.

If you have income from other sources, you must complete Part I, page 2, and attach the appropriate schedule(s).

## Line 9 Adjustments to Income

If you made payments to an Individual Retirement Arrangement (IRA), Keogh Retirement Plan,

Self-Employed (SEP), and self-employment health insurance plan, incurred penalties for the early withdrawal of funds, or incurred deductible moving expenses, then these items should be shown as an adjustment to income.

For more information on the above deductions see the instructions for Part II on page 12.

The adjustments to income from line 5, Part II should be entered on line 9, page 1.

## Line 10 Adjusted Total Income

Subtract the amount on line 9 from the amount on line 8 and enter the result on line 10.

## Line 11 Alabama Percentage of Adjusted Total Income

You must divide the amount on line 10, column C, by the amount on line 10, column B, to determine the ratio of Alabama **Adjusted total income** to the **Adjusted total income** from all sources. If the amount in column C is larger than the amount in column B, you should enter 100% on line 11. If the amount in column C is a loss (less than 0) enter 0% on line 11.

## Line 12 Other Adjustments

If you paid alimony and/or adoption expenses, you should show these amounts as other adjustments. The total other adjustments to income from line 5, Part III should be entered on line 12, page 1.

See instructions for Part III on page 12 for more information on how to calculate the amounts.

## Line 13 Adjusted Gross Income

Subtract the amount on line 12 from the amount on line 10 and enter the result on line 13.

If the amount on line 13, column C, is less than zero you may have a net operating loss that you can carry to another tax year. If you carry the loss back to earlier years, you should file **Form 40X** and attach **Form NOL-85 and/or Form NOL-85A**. Use the Order Blank in this booklet to request these forms and instructions.

## Line 14 Itemized or Standard Deduction

You may elect to itemize your deductions for medical expenses, interest, contributions, taxes, etc. **OR** you may claim the Standard Deduction, but you **cannot** claim both.

If you elect to claim the Standard Deduction on your 2000 Alabama return and it becomes necessary to change to itemized deductions, you may do so by filing an amended return. You should figure your deduction both ways and claim the one that gives you the larger deduction.

If you are married and filing separate Alabama returns, **both** spouses must itemize their deduc-

tions or **both** must claim the Standard Deduction. Each spouse may claim only the itemized deductions he/she actually paid. See the instructions for **Schedule A** for items that may be claimed as itemized deductions.

**Itemized Deductions.** If you elect to itemize your deductions, you should check **box a** on line 14 and complete and attach Schedule A. The amount shown on line 29 of Schedule A should be entered on line 14.

**Standard Deduction.** If you elect to claim the Standard Deduction, you should check **box b** on line 14, and complete the following worksheet to determine the Standard Deduction allowable on your return. A dependent or student may claim the standard deduction even if claimed by someone else.

## Line 15 Federal Income Tax Deduction

A nonresident of Alabama may deduct from Alabama adjusted gross income **a portion of the Federal income tax due** on the 2000 Federal income tax return. In order to determine the amount deductible, you **must** complete Part IV, page 2, of Form 40NR. The instructions for completing Part IV are on page 12 of this booklet.

## Line 16 Personal Exemption

Enter the personal exemption amount from line 1, 2, 3, or 4 multiplied by the percentage on line 11. A dependent or student may claim the personal exemption even if claimed by someone else as a dependent.

## Line 17 Dependent Exemption

A "dependent" as defined under Alabama law is an individual **other than the taxpayer and his or her spouse** who received over 50% of his or her support from the taxpayer during the tax year **and** is also related to the taxpayer in one of the following relationships:

Son	Stepmother
Daughter	Stepfather
Stepson	Mother-in-law
Stepdaughter	Father-in-law
Legally adopted child	Brother-in-law
Parent	Sister-in-law
Grandparent	Son-in-law
Grandchild	Daughter-in-law, or if related by blood:
Brother	Uncle
Sister	Aunt
Stepbrother	Nephew
Stepsister	Niece

**Note:** You cannot claim a foster child, friend, cousin, yourself, or your spouse as a dependent under Alabama law.

**Birth or Death of Dependent.** You can take an exemption for a dependent who was born or who died during 2000 if he or she met the qualifications for a dependent while alive.

**Support.** You must have provided over 50% of the dependent's support in 2000. If you file a joint return, the support can be from you or your spouse. You **cannot** claim credit on an Alabama return for a dependent if you provided less than 50% of the support under Alabama law as you can under federal law in certain conditions.

If you are married and filing a separate return, you must consider **only** the amounts you **separately** furnished out of your income in determining whether or not you provided over 50% of the dependent's support. **Do not** include any amounts your spouse furnished for the support of the dependent.

In figuring total support, you must include money the dependent used for his or her own support even if this money was not taxable (for example: gifts, savings, welfare benefits). If your child was a student, do not include amounts he or she received as scholarships.

Support includes items such as food, a place to live, clothes, medical and dental care, recreation, and education. In figuring support use the actual cost of these items. However, the cost of a place to live is figured at its fair rental value.

In figuring support, **do not** include items such as income taxes, social security taxes, premiums for life insurance, or funeral expenses.

If you qualify to claim your child and/or other individuals as your dependent, you **must** complete Part V on page 2. The total credit entered on line 4, page 2, Part V, should be entered on line 17, page 1.

## Line 19 Taxable Income

Subtract line 18 from line 13, column C. This is your taxable income. Your tax is figured on this amount.

## Line 20a Figuring Your Tax

You must figure your tax from the **Tax Tables** on pages 21-26 unless you are claiming a carry-over or carryback Net Operating Loss from another year.

Indicate the method you are using by checking the appropriate box. If you are claiming a Net Operating Loss from another year you must complete and attach **Form NOL-85A**.

## Line 20b Credits From Schedule OC

**Schedule OC.** Schedule OC must be completed if you are claiming an employer-sponsored basic skills education credit, rural physician credit, coal credit, and/or a capital credit.

**Basic Skills Education Credit** is available to employers who provide basic skills education programs approved by the Alabama Department of Education to its employees.

**Rural Physician Credit** is available to licensed physicians who **practice and reside** in a small or rural Alabama community of less than 25,000 residents with admission privileges to a small or rural hospital having an emergency room.

**Coal Credit** is available for corporations producing coal mined in Alabama. See **Code of Alabama 1975**, §40-18-220.

**Capital Credit** is available to investing companies and their recipients involved in a project undertaken by certain new businesses to be located in the state and certain expansions of certain existing businesses. This capital credit was enacted by Act 95-187 of the Alabama Legislature and signed into law on June 15, 1995 as the "Capital Credit."

For further information regarding the credits listed above and the necessary forms to claim these credits, you should contact:

**Alabama Department of Revenue**  
**P.O. Box 327410**  
**Montgomery, AL 36132-7410**  
**(334) 242-1000**

## Line 22 Alabama Income Tax Withheld

Enter the total Alabama income tax withheld as shown on lines 6a thru 6c.

## Line 23 Amount Paid With Form 4868A (Extension of Time to File)

If you filed **Form 4868A** for an extension of time to file Form 40NR, enter the amount you paid with that form.

## Line 24 2000 Estimated Tax Payments

Enter on this line any payments you made on

your estimated Alabama income tax (**Form 40ES**) for 2000. Include any overpayments from your 1999 return that you applied to your 2000 estimated tax. (Do not include the balance you paid with your 1999 return in 2000 or any overpayment from 1999 that was refunded to you.)

If you and your spouse paid joint estimated tax but are now filing separate Alabama income tax returns, either of you may claim all of the amount paid, **OR** you can each claim a part of it. Please be sure to show both social security numbers on the separate returns. If you and your spouse paid separate estimated tax but are now filing a joint income tax return, add the amounts you each paid. These instructions also apply if your spouse died during the year.

If you are reporting income from an S corporation which has filed **Alabama Form 20SC** and makes a lump sum payment on behalf of its shareholder's, the payment made on your behalf should be entered on line 24. The words "20SC Composite Payment" should be written on the dotted line. Also, complete the information requested on page 2, Part VI, line 7.

**Divorced Taxpayers.** If you were divorced during 2000 and you made joint estimated tax payments with your former spouse, please enter your former spouse's social security number in the block provided on the front of Form 40NR. In the upper right corner of the return above the social security numbers write "**DIV**".

If you were divorced and remarried in 2000, enter your present spouse's social security number in the block provided or on line 5 depending on whether you are filing a joint or separate return. Also enter your former spouse's social security number in the upper right corner above the blocks and write "**DIV**" above that number.

**Name Change.** If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, attach a statement to the front of Form 40NR explaining all the payments you and your spouse made in 2000 and the name(s) and social security number(s) under which you made the payments.

**Caution:** It is very important that the social security numbers be the same on your current return, last year's return, and all of your estimate vouchers. The Department will be unable to allow you proper credit for your payments unless the numbers are the same. If the Department is unable to verify the amount claimed, you may be requested to submit copies of all your canceled checks substantiating the amount claimed. This will cause considerable delay in processing your return.

## Line 26 Amount You Owe (If line 21 is larger than line 25)

Subtract line 25 from line 21, and enter the amount on line 26 — this is the amount you owe the State of Alabama.

Pay the full amount by check or money order

payable to the "Alabama Department of Revenue." On your payment write your social security number, your daytime telephone number, and "2000 Form 40NR," and remit your payment with Form 40V.

If payment for the full amount of tax due is not paid by the due date of the return, you will be charged interest and will be subject to penalties. (See **Penalties and Interest** on page 13 of these instructions.)

## Line 27 Overpayment

(If line 25 is larger than line 21)

Subtract line 21 from line 25, and enter the amount on line 27 — this is the amount you overpaid.

## Line 28 Applied to 2001 Estimated Tax

You may elect to credit all or part of the overpayment shown on line 27 to your 2001 Declaration of Estimated Tax.

You **MUST** file **Form 40ES** if any amount is entered on this line. Once an election is made to apply this overpayment to your 2001 estimated tax, it cannot later be refunded to you or applied to pay additional tax for 2000. The amount entered on this line can only be claimed as a credit on your 2001 Alabama return.

## Lines 29a, 29b, 29c, and 29d Donation of Refunds

You may elect to donate all or part of your overpayment, as shown on line 27, to one or more of the following funds as provided by the Alabama Legislature. The amounts entered on these lines will be paid to the programs you indicate. Any amount you contribute may be claimed as an itemized deduction when you file your 2001 Alabama Income Tax Return. (**Caution:** When reporting your Alabama refund on your 2001 Federal return, you should report the amount of overpayment shown on line 27 before your donation.)

**Note:** Amounts contributed to these funds **WILL REDUCE** your refund. Also, once an election is made to contribute to these funds, that election is irrevocable and cannot later be refunded. If your return is corrected by the Department, the amount contributed cannot be used to pay any additional tax due.

## Line 29a Alabama Senior Services Trust Fund

This fund will assist in the support of programs for the aging in Alabama. If you wish to make a contribution to this program, enter \$1, \$5, \$10, or any other dollar amount on line 29a.

## Line 29b Alabama Nongame Wildlife Fund

This is a program under the jurisdiction of the Game and Fish Division of the Department of Conservation which provides management of such nongame wildlife. If you wish to make a con-

tribution to this program, enter \$1, \$5, \$10, or any other dollar amount on line 29b.

## Line 29c Alabama Veterans Program

This fund provides supportive assistance through nursing and related health care for Alabama ailing and aged veterans of the armed forces who have need of special nursing and related health care services. If you wish to make a contribution to this program, enter \$1, \$5, \$10, or any other dollar amount on line 29c.

## Line 29d Penny Trust Fund

The Penny Trust Fund was established by Constitutional Amendment and ratified by the people of Alabama on June 5, 1990 to provide for the promotion of public health and disease prevention in Alabama. Your donation will help to reduce infant mortality and provide for Alabama's indigent health care programs. If you wish to make a contribution to this program, enter \$1, \$5, \$10, or any other dollar amount on line 29d.

## Line 31 Refunded to You

Subtract the amount on line 30 from the amount on line 27. If your return is complete and contains no errors, you should receive your refund within 6 to 10 weeks after you mail it. See **When Should I Receive My Refund?** on page 15 of this booklet for further information about your refund.

## Sign Your Return

**Form 40NR is not considered a return unless you sign it.** Your spouse must also sign if it is a joint return. If you are filing a joint return with your deceased spouse, see **Death of Taxpayer** on page 14.

**Did You Have Someone Else Prepare Your Return?** If you fill in your own return, the **Paid Preparer's Use Only** area should remain blank. Someone who prepares your return but does not charge you should not sign.

Generally, anyone who is paid to prepare your tax return must sign your return and fill in the other blanks in the **Paid Preparer's Use Only** area of the return.

If you have questions about whether a preparer is required to sign a return, please contact an Alabama Taxpayer Service Center.

*The preparer required to sign your return MUST:*

- Sign, by hand, in the space provided for the preparer's signature. (Signature stamps or labels are not acceptable.)
- Give you a copy of your return for your records in addition to the copy to be filed with the Alabama Department of Revenue.

**BEFORE signing and mailing your return,** you should review it to make sure the preparer has entered the correct name(s), address, and social security number(s) in the spaces provided and reported all of your income. **REMEMBER,** you are

responsible for the information on your return even if you pay someone else to prepare it.

Please enter your daytime phone number. This will enable us to contact you and help speed your refund if there are any problems with processing your return.

## Common Mistakes Which Delay Refunds

Errors delay your refund. This checklist should help you file your form correctly.

1. Is your address correct on the preprinted label? If not, did you correct the label?

2. If you took the standard deduction, did you use the worksheet on page 8?

3. Did you attach your W-2 forms and any other forms? Did you assemble all forms and schedules in the proper order? (See Step 6 on page 5.)

4. Is your math correct? (**Note:** Check your math carefully when figuring your refund or amount you owe.)

5. Did you find the correct tax in the Tax Table for your filing status and taxable income?

6. Did you write your social security number, daytime phone number, and "2000 Form 40NR" on your check or money order?

7. Did you sign and date your tax form?

If you want the department to contact your tax preparer instead, please give permission to do so by checking the box above the signature line.

## Part I, Page 2 Other Income

All taxable income other than salaries, wages, commissions, etc. that is not reported on lines 6a through 6c on page 1 should be reported in Part I, page 2.

The total other income from all sources should be reported in column B under the heading "All Sources." The income reported in column B should be the same as would be reported by a resident of Alabama.

**Example:** You may be required to report interest income from obligations of the U.S. Government on your federal return, but since this income is not taxable to Alabama it should not be included in column B.

All income you listed in column B earned in the State of Alabama should also be listed in column C under the heading "Alabama Sources." Use only the lines and schedules applicable to your types of income.

## Line 1

### Interest and Dividend Income

Interest and dividends you received in 2000 are not taxable to the State of Alabama, but any amounts you received that would be taxable to a resident of Alabama must be listed in column B.

If you received dividends and interest income of more than \$400 in 2000, you **must** complete and attach **Schedule B**. Enter the taxable amount shown in Schedule B on line 1, Part I.

## Line 2

### Alimony Received

Alimony and separate maintenance payments received by a nonresident of Alabama in 2000 are not taxable for Alabama purposes. However, any amounts you received in 2000 must be included in the total adjusted gross income from all sources to the same extent that it is includable on your 2000 Federal return. The amount received should be listed in column B **only**. Do not include amounts you received which are child support.

## Line 3

### Pensions and Annuities

Pension and annuity payments received by a nonresident are not subject to Alabama tax. However, pension and annuity payments you received in 2000 that would be taxable to a resident of Alabama must be included in the total adjusted gross income from all sources in order to compute the ratio of Alabama adjusted gross income to total adjusted gross income from all sources.

Payments you received from any of the following are not taxable and should not be included in the income reported on line 3.

- State of Alabama Teachers' Retirement.
- State of Alabama Employees' Retirement.
- State of Alabama Judicial Retirement.
- United States Civil Service Retirement.
- Retirement systems created by the Federal Social Security Acts.
- Railroad retirement benefits received under the Federal Railroad Retirement Acts of 1935 and 1937.
- Military Retirement Pay.
- TVA Pension System Benefits.
- U.S. Foreign Service Retirement and Disability Fund Annuities.
- U.S. Government Retirement Fund Benefits.
- Any Defined Benefit Retirement Plan in accordance with IRC 414(j). (Contact your retirement plan administrator to determine if your plan qualifies.)

Enter on line 3 the taxable portion of all pensions and/or annuities you received in 2000 that would be taxable to a resident of Alabama. The amount to be reported would be the same as reported on your federal return except for income from those sources previously listed as exempt.

Enter the net taxable portion of pensions and annuities on line 3, column B only.

## Line 4

### Business Income or (Loss)

If you conducted a business or practiced a profession during the taxable year, you must complete and attach a copy of **Federal Schedule C or C-EZ** to your Alabama return.

Generally, you may deduct the ordinary and necessary expenses of doing business — the cost of merchandise, salaries, interest, taxes, rent, repairs, and incidental supplies.

In the case of capital investments and improvements in depreciable property such as buildings, machines, and similar items having a useful life of more than one year, Alabama law provides for a "reasonable allowance" for depreciation over the useful life of the property.

If some of your expenses are part business and part personal, you can deduct **ONLY** the business portion.

**Adjustments to Federal Schedules C and F.** Alabama law differs from federal law in the treatment of some of the expenses shown on Federal Schedules C and F and certain items may need adjusting for Alabama purposes. The expenses which may need adjusting are:

- **Percentage Depletion Gas and Oil.** Alabama law provides for percentage depletion of gas and oil in the amount of 27-1/2% of the gross income received from the production or 50% of the profit from the property, whichever is less. Current Federal law differs from State law. Please refer to the Federal guidelines for the percentages to use on your Federal return.

- **Cost Depletion Natural Resources Other than Gas and Oil.** Alabama law has no provision for percentage depletion of natural resources other than gas and oil, as currently allowed under federal law. For Alabama purposes, the depletion allowance shall be computed using the cost depletion method.

- **Depreciation.** Alabama law allows IRC Section 179 Expense for all taxable years beginning after December 31, 1989. Adjustments may be necessary if assets were acquired and placed in service prior to tax years beginning January 1, 1990.

- **Targeted "Jobs Credit."** You may have been allowed to take a portion of your payroll expense as a "Targeted Jobs Credit" on your federal return. This is an allowable expense for Alabama income tax purposes.

- **Passive Activity Losses.** Alabama law has no provision, similar to current federal law, which limits the deduction of passive trade or business

activity losses.

If you have adjustments involving any of the previously described expenses, attach an explanation and show the adjustment as "Other Expenses" on Federal Schedule C or F.

The net profit or (loss) from business, as shown on **Federal Schedule C-EZ or C** after above adjustments (if applicable), should be entered on line 4, Part I. The net profit or (loss) from all operations within and without Alabama, as shown on Federal Schedule C, after above adjustments (if applicable), should be entered on line 4, Part I, column B. The net profit or (loss) from operations in Alabama should be entered in column C.

Alabama law differs from federal law in the treatment of some of the expenses shown on Federal Schedule F. These differences are discussed in the instructions for line 4, Part I. If any of these adjustments apply to your return, you should show the additional amounts as "Other Expenses" on Federal Schedule F.

The net profit or (loss) from farm operations, within and without Alabama, should be entered on line 7, column B. The net profit or (loss) from farm operations in Alabama should also be entered in column C.

The amount deductible in Column C is limited to the contributions made from income attributable to Alabama sources. The amount deductible in Columns B and C is subject to the same limitations as on your federal return. However, when figuring the limitation on the amount deductible you must use the adjusted gross income shown on line 13, Columns B and C and of your Alabama Return.

#### Line 2

Employees and self-employed persons (including partners) may deduct certain moving expenses as an **adjustment to gross income** to the same extent and subject to the same limitations as currently allowed under federal rules with the following exception:

— The new job location must be within the State of Alabama.

This deduction may be taken if you moved in connection with your job or business and your new workplace in Alabama is at least 50 miles farther from your old residence than your old workplace was from your former residence. If you had no former workplace, your new workplace must be at least 50 miles from your old residence.

Only expenses incurred in the moving of household goods and personal effects from the former residence to the new residence and traveling

expenses, including lodging while en route to the new location, are deductible. Expenses which are no longer deductible include the cost of meals while en route to the new location, pre-move house hunting trips, temporary living expenses, closing costs of selling the old house, costs of purchasing a new house, and costs incurred in settling an unexpired lease.

## Part IV, Page 2

### Federal Income Tax Deduction

The Federal income tax allowed as a deduction to a nonresident of Alabama is the total Federal income tax liability shown on the 2000 Federal return reduced by any self-employment tax and the balance prorated by the percentage of the income earned in Alabama to the total income from all sources. Self-employment, social security, and Medicare taxes can only be claimed if you itemize deductions on Schedule A.

If you filed a joint Federal return and have elected to file a separate Alabama return, you must complete all lines in Part IV to determine your allowable deduction. If you are single or married and filing a joint Alabama return with your spouse, you should skip lines 1 through 4.

If you are a nonresident alien with income earned in Alabama, the deduction for Federal income tax should be computed by applying the ratio of Alabama source income to total income received from sources within the United States. In other words, in the case of a nonresident alien, total income from all sources does not include foreign source income that is not required to be reported for Federal income tax purposes.

Alabama income is determined for nonresident aliens in the same manner as for other nonresidents.

#### Line 1

Enter your Adjusted total income amounts from page 1, line 10, columns B and C.

#### Line 2

# SECTION 4 General Information

This section contains general information about items such as amending your tax return, how long to keep records, filing a return for a deceased person, and when you should receive your refund.

## Substitute Tax Forms

You may not use your own version of a tax form unless it meets the requirements of the Alabama Department of Revenue. All privately designed and printed substitute tax forms **must be approved** by the Alabama Department of Revenue.

## Penalties and Interest

**Interest.** We will charge you interest on taxes not paid by their due date even if an extension of time is granted. If your return is not filed by the due date and you owe additional tax, you should add interest from April 15, 2001 to date of payment. Submit payment of the tax and interest with your return. Alabama law provides that the same rate of interest shall be collected as currently prescribed by the Internal Revenue Service. Any of the Alabama Taxpayer Service Centers listed in this booklet will provide you the current rate of interest in effect at the time your return is filed.

**Failure To Timely File Return.** You can avoid this penalty by filing your return by the due date. Alabama law provides a penalty of 10% of the tax due or \$50, whichever is greater, if the return is filed late. Attach a full explanation to the return if you can show reasonable cause for filing a delinquent return.

**Failure To Timely Pay Tax.** The penalty for not paying the tax when due is 1% of the unpaid amount for each month or fraction of a month that the tax remains unpaid. The maximum penalty is 25%.

**Estimate Tax Penalty.** Failure to file quarterly estimated tax will result in a penalty equal to 10% of any additional tax to be paid or \$50 whichever is greater. (See Declaration of Estimated Tax on the following page for more information.)

**Note:** If you include interest and/or either of these penalties with your payment, identify and enter these amounts in the bottom margin of Form 40NR, page 1. **Do not** include interest or penalty amounts in "Amount You Owe" on line 26.

**Other Penalties.** There are also penalties for underpayment due to negligence, underpayment due to fraud, filing a frivolous return, and understatement of estimated tax.

Any person failing to file a return as required by Alabama law or rendering a false or fraudulent return will be assessed. The assessment will be based on the best information obtainable by the Department with respect to the income of the taxpayer. In the case of a willfully false or fraudulent return having been rendered, the Department shall add a penalty of not more than 50% of such tax. This penalty is in addition to any interest due as described above.

**Criminal Liability.** Section 40-29-112, **Code of Alabama 1975**, as amended, provides for a more severe penalty for not filing tax returns. Any person required to file a return under this title who willfully fails to make such return shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$25,000 or imprisoned not more than 1 year, or both. Section 40-29-110 provides that any person who willfully attempts to evade any tax imposed by this title or the payment thereof shall be guilty of a felony and, upon conviction thereof, shall be fined not more than \$100,000 or imprisoned for not more than 5 years, or both. These penalties are in addition to any other penalties provided for by Alabama law.

## Address Change

If you move after filing your return and expect a refund, you should notify the post office serving your old address so the postal authorities may forward your check. Also send a change of address notice to: **Alabama Department of Revenue, Individual and Corporate Tax Division, P.O. Box 327410, Montgomery, AL 36132-7410.** This will help us forward your check to you as soon as possible and allow us to mail next year's forms to your new address.

## Corresponding With Alabama Department of Revenue

Be sure to include your social security number and phone number in any correspondence with the Alabama Department of Revenue.

## How Long Should Records Be Kept?

Keep records of income, deductions, and credits shown on your return, as well as any worksheets used to figure them, until the statute of limitations runs out for that return. Usually this is 3 years from the date the return was filed. If income that should have been reported was not reported and the income omitted is in excess of 25% of the stated income, the period of limitation does not expire until six (6) years after the due date of the return or six (6) years after the date the return was filed, whichever is later. There is no period of limitation when a return is false or fraudulent, or when no return is filed.

Also keep copies of your filed tax returns as part of your records. You should keep some records longer than the period of limitation. For example, keep property records (including those on your own home) as long as they are needed to figure the basis of the original or replacement property. Copies of your tax returns will help in preparing future returns, and they are necessary if you file an amended return. Copies of your returns and your other records may be helpful to your survivor, or the executor or administrator of your estate.

## Requesting a Copy of Your Tax Return

If you need a copy of your tax return or tax account information use **Form 4506-A, Request for Copy of Tax Form or Income Tax Account Information.** The charge for a copy of a return is \$5. There is no charge for tax account information.

## Amended Return

If you have already filed a return and become aware of any changes to income, deductions, or credits, you should file **Form 40X, Amended Alabama Individual Income Tax Return,** to change that return.

**Note:** If your State return is changed for any reason, it may affect your federal income tax liability. This includes changes made as a result of an examination of your return by the Alabama Depart-

ment of Revenue. Contact the Internal Revenue Service for more information.

## Death of Taxpayer

If the taxpayer died before filing a return for 2000, the taxpayer's spouse or personal representative **must** file a return for the person who died if the deceased was required to file a return. A personal representative can be an executor, administrator, or anyone who is in charge of the taxpayer's property.

The person who files the return should write "deceased" after the decedent's name. Also write "DECEASED," the decedent's full name, and date of death across the top of the tax return.

If the taxpayer did not have to file a return but had tax withheld, a return must be filed to receive a refund.

If your spouse died in 2000 and you did not remarry in 2000, you can file a joint return. You can also file a joint return if your spouse died in 2001 before filing a 2000 return. A joint return should show your spouse's 2000 income before death and your income for all of 2000. Also write "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

If you are claiming a refund as a surviving spouse filing a joint return with the deceased and you follow the above instructions, no other form is needed to have the refund issued to you. However, any other filer requesting a refund due a deceased taxpayer must submit, along with the tax return, positive proof that he or she is entitled to the refund. The Department will accept as positive evidence a copy of **Federal Form 1310, Statement of Person Claiming Refund Due a Deceased Taxpayer.**

## Declaration of Estimated Tax

Every individual who reasonably expects to have net income in 2001 from sources other than salaries and wages in excess of the following amounts is required to file **Form 40ES, Declaration of Estimated Tax:**

- (1) **\$1,500** — if a single person (including head of family), or a married person filing a separate return, or
- (2) **\$3,000** — if a married person and filing a joint return.

**Note:** If the **TOTAL ESTIMATED TAX** for 2001 is less than one hundred dollars (\$100), an estimate is not required to be filed.

Income from other sources includes interest income, dividends, self-employment income, etc.

The procedures for filing and amending declarations and the due dates are the same as required by Federal Income Tax Law. **Do not** include payment of your estimated tax with the payment for tax due on your individual return because the quarterly voucher and remittance **MUST** be mailed separately. Additional instructions for filing your estimate are on the back of Form 40ES.

No refund will be made of any amount paid on a declaration of estimated tax except when such amount is taken as a credit on an income tax return filed at the end of the taxable year by the payor or his authorized representative, or on an amended income tax return if the full amount paid on the declaration is not claimed on the original income tax return. Amounts paid on declarations include overpayments from prior years you elected to be applied on the declaration. Once you elect to have an overpayment credited to next year's estimated tax, that election is irrevocable.

## Application for Extension (Form 4868A)

If you know you cannot file your return by the due date, you should file **Form 4868A, Application for Extension of Time to File Alabama Income Tax Return.**

Except in cases where taxpayers are abroad, no extension will be granted for more than 6 months. An extension, if granted, will be for a period of 4 months. Only in exceptional cases and where conditions set forth on application forms are met will a second extension for an additional 2 months be granted. Applications for extension must be on prescribed forms, submitted in time for consideration by the Alabama Department of Revenue before the due date of the return, and must be signed by the taxpayer or his duly authorized agent.

An approved extension means only that you will not be assessed a penalty for failure to timely file a return. Interest is due on any additional tax not paid by the original due date. Other penalties such as the underpayment due to negligence and the underpayment due to fraud will be assessed, if applicable, even if you have an approved extension.

**Note:** The Department **will not** accept Federal Form 4868 "Automatic Extension of Time to File Your Federal Return" in lieu of Alabama Form 4868A "Application for Extension of Time to File Your Alabama Return."

## Setoff Debt Collection

If you owe money or have a delinquent account under any of the following public assistance programs, your refund may be applied to offset that debt.

- Any and all of the public assistance programs administered by the Alabama Department of Human Resources including the Child Support Act of 1979, Chapter 10 of Title 38.
- Any and all of the assistance programs administered by the Alabama Medicaid Agency.
- Overpayment of unemployment compensation.

If the Alabama Department of Human Resources, or the Alabama Medicaid Agency notifies the Alabama Department of Revenue that you have a delinquent account in excess of \$25, part or all of your refund may be applied to offset that debt. If you are married and filing a joint return, the joint refund may be applied to offset any of these debts.

**IMPORTANT:** If you have been assessed taxes from a prior year, your current year refund will be applied to that debt even if the liability resulted from a jointly filed return.

## When Should I Receive My Refund?

If you are due a refund, it will be mailed to you at the earliest possible date. Normally, it takes from **6 to 10 weeks** to process your return and get your refund to you. The earlier you file your return the sooner you will receive your refund.

If you do not receive your refund within 90 days of the due date or within 90 days after you file your return, whichever is later, the State will pay you interest and include it with your refund.

**It may take longer than 12 weeks** to process your refund if it is incomplete or incorrect. Your refund may be delayed for one or more of the following reasons:

- Your name and/or address is incorrect.
- Your social security number is incorrect or not shown in the space provided.
- You failed to attach all of your withholding statements (W-2 Forms).
- You failed to attach one or more of the supporting schedules.
- You made an error in figuring your return.
- You mailed your return to the wrong address.
- You filed more than one return.
- You submitted a copy instead of the original return.
- You have not paid all taxes due for a prior year.
- The Department needs additional information to explain the income or deductions reported on your return.
- The Alabama Department of Human Resources has notified the Alabama Department of Revenue that your account is delinquent on a debt repayment, or any public assistance program (including the Child Support Act of 1979, Chapter 10, Title 38). (**Note:** See **Setoff Debt Collection** on page 14 for further information.)
- Your return was not properly signed.

If you are due a refund and discover, after mailing your return, that you failed to attach your withholding statement(s) or supporting schedule(s) to your return, **do not** mail this information until the Department requests it. If you mail it before the Department notifies you, your refund may be further delayed.

The Department requests that you **wait 12 weeks before inquiring about your refund**. If you do not receive it within 12 weeks, call our Refund Hotline at (334) 353-2540, or complete **Form IT-489**. This form may be obtained at any of our Alabama Taxpayer Service Centers listed on page 2 of this booklet. If you find it necessary to call about your refund, you should have a copy of your return in front of you.

# SECTION 5 Instructions for Schedules to Form 40NR

## Instructions For Schedule A Itemized Deductions

### Changes You Should Note

The itemized deductions you may claim on your 2000 Alabama return are similar to the deductions allowed for federal purposes; however, certain items may be treated differently. Please see the instructions which follow for an explanation of these differences.

### Purpose of Schedule

Some taxpayers should itemize their deductions because they will save money. See **Itemized or Standard Deduction** on page 8.

If you itemize, you can deduct part of your medical and dental expenses, certain taxes, contributions, and certain miscellaneous deductions. **A nonresident of Alabama must prorate these deductions by the ratio of Alabama adjusted gross income to total adjusted gross income from all sources.** Unreimbursed business expenses may be deducted in full if the business expenses were incurred while earning Alabama income.

**Married, Filing Separate Returns.** If you are married and filing separate Alabama returns, both spouses may itemize their deductions or both may claim the standard deduction. **One spouse cannot itemize and the other claim the standard deduction.** Each spouse may claim only the itemized deductions he/she actually paid.

**Part-year Residents and Part-year Nonresidents.** If you were a resident of Alabama for a part of 2000 and you are required to file Form 40, you may claim **only** the itemized deductions you actually paid while a resident of Alabama.

If you had income from Alabama sources during the period you were not a resident of Alabama you should also file Form 40NR. You should claim on your nonresident return only the itemized deductions actually paid during the period you were a nonresident.

### Lines 1 through 4

### Medical and Dental Expenses

Before you can figure your total medical and dental expenses, you **must** complete your Form 40NR, page 1, lines 1-13.

Medical and dental expenses are allowed as

itemized deductions to the same extent as allowed for federal purposes with the following exceptions:

- You may deduct only that part of your medical and dental expenses that is more than 4% of the amount on Form 40NR, line 13, column B.
- You can deduct self-employment Health Insurance Premiums to the same extent as federal purposes.

Do not include in medical and dental expenses insurance premiums paid by an employer-sponsored health insurance plan (cafeteria plan).

### Line 1

Enter the total of your medical and dental expenses after reducing these expenses by any payments received from insurance or other sources. Include amounts you paid for doctors, dentists, nurses, hospitals, prescription medicine and drugs, or insulin. Also include the total amount you paid for insurance premiums for medical and dental care, amounts paid for transportation and lodging, and other expenses such as hearing aids, dentures, eyeglasses, and contact lenses.

If your insurance company paid your doctor or dentist directly for part of your medical expenses, and you paid only the amount that remained, include in your medical expenses **ONLY** the amount you paid.

If you received a reimbursement in 2000 of prior year medical or dental expenses, do not reduce your 2000 expenses by this amount. You must include the reimbursement in income on Form 40NR, Part I, line 8, if you deducted the medical expense in the earlier year and the deduction reduced your tax. **Federal Pub. 502** tells you how to figure the amount to include in income.

When figuring the deduction, you may include medical and dental bills you paid for:

- Yourself.
- Your spouse.
- All dependents claimed on your return.
- Your child whom you do not claim as a dependent because of the federal rules explained for **Children of Divorced or Separated Parents**.

### Examples of Medical and Dental Payments You CAN Deduct

To the extent you were not reimbursed, you can deduct what you paid for:

- Medicare Part B insurance.
- Prescription medicines and drugs, or insulin.
- Premiums paid to private insurers for additional Medicare coverage.
- Medical doctors, dentists, eye doctors, chiropractors, osteopaths, podiatrists, psychiatrists, psychologists, physical therapists, acupuncturists, and psychoanalysts (medical care only).
- Medical examinations, X-ray and laboratory services, insulin treatment, and whirlpool baths the doctor ordered.
- Nursing help. If you pay someone to do both nursing and housework, you can deduct only the cost of the nursing help.

- Hospital care (including meals and lodging), clinic costs, and lab fees.
- Medical treatment at a center for drug addicts or alcoholics.
- Medical aids such as hearing aid batteries, braces, crutches, wheelchairs, guide dogs, and the cost of maintaining them.
- Lodging expenses (but not meals) paid while away from home to receive medical care in a hospital or a medical care facility that is related to a hospital. Do not include more than \$50 a night for each eligible person.
- Ambulance service and other travel costs to get medical care. If you used your own car, you can claim what you spent for gas and oil to go to and from the place you received medical care, or you can claim 10 cents a mile. Add parking and tolls to the amount you claim under either method.

### Examples of Medical and Dental Payments You CANNOT Deduct Include

- Premiums paid by an employer-sponsored health insurance plan (cafeteria plan).
- The basic cost of Medicare Insurance (Medicare A). Note: If you were 65 or older but not entitled to social security benefits, you may deduct premiums you voluntarily paid for Medicare A coverage.
- Life insurance or income protection policies.
- The 1.45% Medicare (hospital insurance benefits) tax withheld from your pay as part of the social security tax, or the Medicare tax paid as part of social security self-employment tax.
- Nursing care for a healthy baby.
- Illegal operations or drugs.
- Nonprescription medicines or drugs.
- Travel your doctor told you to take for rest or change.
- Funeral, burial, or cremation costs.

**Federal Pub. 502** has a discussion of expenses that may and may not be deducted. It also explains when you may deduct capital expenditures and special care for handicapped persons.

### Lines 5 through 9

#### Taxes (Other than Federal Income Tax) You CAN Deduct

If deductions are itemized, you CAN DEDUCT the following taxes:

- **Real estate taxes** (line 5). Include taxes you paid on property you own in any state that was not used for business. If you pay real estate taxes as part of your mortgage payments do not take a deduction for that amount. Deduct the taxes in the year the mortgage company actually paid them to the taxing authority.
- **FICA tax (Social Security and Medicare)** (line 6). You can deduct the FICA tax (Social Security and Medicare) withheld on your income by your employer. If you worked for more than one employer resulting in more than the maximum FICA tax being withheld, the excess amount claimed as Federal Income Tax Withheld on your federal return cannot be claimed as an itemized deduction on your Alabama return.
- **Federal Self-Employment taxes** (line 6).

You can deduct the Federal self-employment tax you paid during the year 2000 for the tax year 1999 and/or prior years.

- **Railroad Retirement tax** (line 7). You can deduct the railroad retirement tax you paid in 2000. Only your contribution to tier one railroad retirement is deductible as an itemized deduction.

- **Other taxes** (line 8). In addition to the above taxes, you can also deduct:

(a) **City, County, and Occupational Tax** as reported on your W-2.

(b) **State Unemployment Insurance Tax (S.U.I.)**. Employees were not required to pay S.U.I. Tax in 2000 since the full amount was paid by their employer. However, if S.U.I. Tax was paid to a state other than Alabama, it may be deducted.

(c) **Federal gift taxes**. Federal gift taxes are deductible **only** if you are the person making the gift and you paid the tax. (The person receiving the gift cannot claim this deduction even though he paid the tax.)

(d) **Personal property taxes**. This tax must be based on the value alone. For example, if part of the fee you paid for the registration of your car was based on the car's value and part was based on its weight, you can deduct only the part based on value.

(e) **Generation-Skipping Transfer (GST) taxes**. Generation-Skipping transfer taxes imposed on income distributions by 26 U.S.C. 2601 are deductible if you paid or accrued the taxes within the taxable year.

#### Taxes You CANNOT Deduct include but are not limited to

- State income taxes. (If you owe taxes to the State of Alabama, you may be entitled to a credit against the taxes you owe to the state of which you are a legal resident. See instructions for that state.)
- State and local sales taxes.
- Income tax you paid to a foreign country.
- Taxes you paid for another person.
- Federal or state taxes you paid on an estate.
- License fees (marriage, driver's, dog, hunting, pistol, etc.).
- Civil Service Retirement contributions (State or Federal).
- Federal excise tax on personal property, transportation, telephone, and gasoline.
- Customs duties.
- Gasoline tax.
- State utility taxes.
- Tax on liquor, beer, wine, cigarettes, and tobacco.
- Car inspection fees.
- Taxes you paid for your business or profession. (Use Schedule C, E, or F to deduct these business expenses.)
- Assessments for sidewalks or other improvements to your property.

### Lines 10a through 13 Interest You Paid

The interest you paid that can be claimed as an itemized deduction is limited in most cases to the same amount as currently allowable for federal purposes.

You should show on Schedule A interest you paid on nonbusiness items only. Whether your interest expense is treated as investment interest, personal interest, or business interest depends on how and when you used the loan proceeds.

**Note:** *Personal interest is no longer deductible.*

In general, if you paid interest in 2000 that includes amounts that apply to any period after 2000, you may deduct only the amount that applies for 2000.

Complete and attach **Alabama Form 4952A** if you are claiming investment interest as an itemized deduction.

If you qualify for the Mortgage Interest Credit on your Federal return, the total interest you paid (before the credit) is deductible for Alabama purposes.

For further information describing the interest you may deduct, refer to federal instructions and publications.

### Lines 14 through 17 Gifts to Charity

Contributions are allowable as itemized deductions to the same extent as currently allowed for federal purposes. However, when determining the 50% and special 20% and 30% limitations, you **must** use adjusted gross income from column B, line 13.

You can deduct what you gave to organizations that are religious, charitable, educational, scientific, or literary in purpose. You can also deduct what you gave to organizations that work to prevent cruelty to children or animals.

#### Examples of these organizations are:

- Churches, temples, synagogues, Salvation Army, Red Cross, CARE, Goodwill Industries, United Way, Boy Scouts, Girl Scouts, Boys and Girls Clubs of America, etc.
- Fraternal orders if the gifts will be used for the purposes listed above.
- Veteran's and certain cultural groups.
- Nonprofit schools, hospitals, and organizations with the purpose of finding a cure for or helping people who have arthritis, asthma, birth defects, cancer, cerebral palsy, cystic fibrosis, diabetes, heart disease, hemophilia, mental illness or retardation, multiple sclerosis, muscular dystrophy, tuberculosis, etc.
- Federal, state, and local governments if the gifts are solely for public purposes.

If you contributed to a charitable organization and also received a benefit from it, you can deduct only the amount that is more than the benefit you received. If you do not know whether you can deduct what you gave to an organization, check with that organization or with the IRS.

#### Contributions You MAY Deduct

Contributions may be in cash (keep canceled checks, receipts, or other reliable written records showing the name of the organization and the date

and amount given), property, or out-of-pocket expenses you paid to do volunteer work for the kinds of organizations described above. If you drove to and from the volunteer work, you may take 14 cents a mile or the actual cost of gas and oil. Add parking and tolls to the amount you claim under either method. (But don't deduct any amounts that were repaid to you.)

## Limit on the amount you may deduct

Get **Federal Pub. 526** to figure the amount of your deduction if any of the following applies:

- Your cash contributions or contributions of ordinary income property to certain organizations are more than 30% of Form 40NR, page 1, line 13, column B.
- Your gifts of capital gain property to certain organizations are more than 20% of Form 40NR, page 1, line 13, column B.
- You gave gifts of property that increased in value or gave the use of property as gifts.

## You MAY NOT Deduct as Contributions

- Travel expenses (including meals and lodging) while away from home unless there was no significant element of personal pleasure, recreation, or vacation in the travel.
- Political contributions.
- Dues, fees, or bills paid to country clubs, lodges, fraternal orders, or similar groups.
- Value of any benefit, such as food, entertainment, or merchandise that you received in connection with a contribution to a charitable organization.

**Example.** You paid \$100 to a charitable organization to attend a fund-raising dinner. To figure the amount of your deductible charitable contribution, subtract the value of the dinner from the total amount you paid. If the value of the dinner was \$40, your deductible contribution is \$60.

- Cost of raffle, bingo, or lottery tickets.
- Cost of tuition.
- Value of your time or services.
- Value of blood given to a blood bank.
- The transfer of a future interest in tangible personal property (generally, until the entire interest has been transferred).
- Gifts to:
  - a. Individuals.
  - b. Foreign organizations.
  - c. Groups that are run for personal profit.
  - d. Groups with the purpose of lobbying for changes in the laws.
  - e. Civic leagues, social and sports clubs, labor unions, and chambers of commerce.

**Record Keeping.** If you gave property, you should keep a receipt or written statement from the organization you gave the property to, or a reliable written record that shows the organization's name and address, the date and location of the gift, and a description of the property. You should also keep reliable written records for each gift of property that include the following information:

- a. How you figured the property's value at the time it was given. (If the value was determined by

an appraisal, you should also keep a signed copy of the appraisal.)

- b. The cost or other basis of the property if you must reduce it by any ordinary income or capital gain that would have resulted if the property had been sold at its fair market value.

- c. How you figured your deduction if you chose to reduce your deduction for gifts of capital gain property.

- d. Any conditions attached to the gift.

---

**Note:** If your total deduction for gifts of property is over \$500, or if you gave less than your entire interest in the property, or you made a "qualified conservation contribution" under Federal Section 170(h), your records should contain additional information. See **Federal Pub. 526** for details.

---

## Line 14

Enter the total contributions you made in cash or by check (including out-of-pocket expenses).

## Line 15

Enter the contributions of property. If you gave used items such as clothing or furniture, deduct their fair market value at the time you gave them. Fair market value is what a willing buyer would pay a willing seller when neither has to buy or sell and both are aware of the conditions of the sale. If the amount of your deduction is more than \$500, you must complete and attach **Federal Form 8283**, Noncash Charitable Contributions. If your total deduction is over \$5,000, you may also need appraisals of the values of the donated property. For this purpose, the "amount of your deduction" means your deduction BEFORE applying any income limitations that could result in a carryover of contributions. See **Federal Form 8283** and its instructions for details.

## Line 16

Enter on line 16 any carryover of contributions that you were unable to deduct in an earlier year because it exceeded your adjusted gross income limit.

## Line 18

### Qualified Long-term Care Coverage

Premiums paid pursuant to a qualifying insurance contract for qualified long term care coverage paid by the taxpayer may be deducted on line 18. Qualified long-term care services include care for necessary diagnostic, preventive, therapeutic, and rehabilitative services and maintenance or personal care services which are required by a chronically ill individual in a qualified facility or services which are provided pursuant to a place of care prescribed by a licensed health care practitioner.

## Line 19

### Miscellaneous Deductions

### Expenses NOT Subject to the 2% Limit

Most miscellaneous deductions cannot be deducted in full, but must be reduced by 2% of the

Alabama adjusted gross income. The deductions which may be claimed on line 19 that are **NOT** subject to the 2% limit are as follows:

- Gambling losses to the extent of gambling winnings. Report gambling winnings on Form 40NR, Part I, line 8.
- Deduction for repayment of amounts under a claim of right if more than \$3,000. See **Federal Pub. 525**.
- Unrecovered investment in a pension.
- Impairment-related work expenses of a disabled person.

List the type and amount of each expense. Enter one total in the amount space for line 19.

## Line 20

### Proration of Above Amounts

The amounts shown in lines 1 through 19 should be the amounts for the entire period that the return covers. In most cases, these amounts will be the same as shown on your Federal return. Follow the instructions for lines 20 through 22 to determine the portion of these expenses that apply to your Alabama income.

## Lines 23a, b, and c

### Casualty and Theft Losses

A casualty or theft loss is determined in the same manner as determined on your federal return with the following exceptions:

- A nonresident of Alabama may deduct only those losses where the property was located in Alabama at the time of loss.
- The loss may be claimed **only** in the year during which the loss occurred or the theft was discovered.
- The loss on personal property **must** be reduced by 10% of the **Alabama** adjusted gross income as shown on Form 40NR, page 1, line 13, column C.

Use lines 23a, b, and c to report casualty or theft losses of Alabama property that is not a trade or business, income-producing, or rent or royalty property. Complete and attach **Federal Form 4684** to figure your loss. Enter on line 23a of Alabama Schedule A the amount of loss as shown on line 16 (Section A) of Form 4684.

### Losses You MAY Deduct

You may be able to deduct all or part of each loss caused by theft, vandalism, fire, storm, and car, boat, and other accidents or similar causes. You may also be able to deduct money you had in a financial institution but lost because of the insolvency or bankruptcy of the institution.

You may deduct nonbusiness casualty or theft losses only to the extent that —

- a. the amount of **EACH** separate casualty or theft loss is more than \$100, and
- b. the total amount of **ALL** Alabama losses during the year is more than 10% of your adjusted gross income on Form 40NR, page 1, line 13, column C.

Special rules apply if you had both gains and losses from nonbusiness casualties or thefts. Get **Federal Form 4684** for details.

## Losses You MAY NOT Deduct

- Money or property misplaced or lost.
- Breakage of china, glassware, furniture, and similar items under normal conditions.
- Progressive damage to property (buildings, clothes, trees, etc.) caused by termites, moths, other insects, or disease.

Use line 25 of Schedule A to deduct the costs of proving that you had a property loss. (Examples of these costs are appraisal fees and photographs used to establish the amount of your loss.)

For more details, refer to federal instructions and publications.

## Lines 24 through 28

### Miscellaneous Deductions

#### Expenses Subject to the 2% Limit

Most miscellaneous deductions cannot be deducted in full. You must subtract 2% of your Alabama adjusted gross income from the total. You figure the 2% limit on line 27.

A nonresident of Alabama should show on lines 24 through 28 only those expenses incurred in earning Alabama income.

Generally, the 2% limit applies to job expenses you paid for which you were not reimbursed (line 24). The limit also applies to certain expenses you paid to produce or collect taxable income (line 25). See the instructions for lines 24 and 25 for examples of expenses to deduct on these lines.

The 2% limit does not apply to certain other miscellaneous expenses that you may deduct. See the instructions for line 19 for examples of these expenses.

## Line 24

Use this line to report Alabama job expenses you paid for which you were not reimbursed. In some cases you must first fill out **Federal Form 2106**, Employee Business Expenses. Fill out Form 2106 if:

1. You claim any travel, transportation, meal, or entertainment expenses for your job; **OR**
2. Your employer paid you for any of your job expenses reportable on line 24.

If 1 or 2 above applies, enter the net deductible amount from **Federal Form 2106** on line 24 of Schedule A.

If you do not have to fill out Form 2106, just list the type and amount of your expenses on the space provided on line 24. If you need more space, attach a statement showing the type and amount of the expense. Enter one total in the amount space on line 24.

Examples of expenses to include on line 24 are:

- Travel, transportation, meal, or entertainment

expense. (**Note:** If you have any of these expenses, you must use **Federal Form 2106** for all your job expenses.)

- Union dues.
- Safety equipment, small tools, and supplies you used in your job.
- Uniforms your employer said you must have and which you may not usually wear away from work.
- Protective clothing required in your work such as hard hats, safety shoes, and glasses.
- Physical examinations your employer said you must have.
- Dues to professional organizations and chambers of commerce.
- Subscriptions to professional journals.
- Fees to employment agencies and other costs to look for a new job in your present occupation even if you do not get a new job.
- Education expenses you paid that were required by your employer, or by law or regulations, to keep your salary or job. In general, you may include the cost of keeping or improving skills you must have in your job. For more details, see **Federal Pub. 508**, Educational Expenses. Some educational expenses are not deductible. **See Expenses You MAY NOT Deduct.**
- Business use of part of your home, but **ONLY** if you use that part exclusively and on a regular basis in your work and for the convenience of your employer. For details, including limits that apply, see **Federal Pub. 587**, Business Use of Your Home.
- Deduction for repayment of amounts under a claim of right if \$3,000 or less.

## Line 25

Use this line for amounts you paid for the production or collection of taxable income; for the management, conservation, or maintenance of property held for the production of taxable income; or in connection with the determination, collection, or refund of any tax. List the type and amount of each expense in the space provided on line 25. If you need more space, attach a statement showing the type and amount of each expense. Enter one total in the amount space for line 25. Examples of these expenses are:

- Tax return preparation fee.
- Safe deposit box rental.
- Certain legal and accounting fees.
- Clerical help and office rent.
- Custodial (e.g., trust account) fees.
- Your share of the investment expenses of a regulated investment company.
- Certain losses on nonfederally insured deposits in an insolvent or bankrupt financial institution.

For more information (including limits on the amount you can deduct) see **Federal Pub. 529**.

### Expenses You MAY NOT Deduct

Some expenses are not deductible at all. Examples are:

- Political contributions.
- Personal legal expenses.
- Lost or misplaced cash or property (but see

Casualty and Theft Losses).

- Expenses for meals during regular or extra work hours.
- The cost of entertaining friends.
- Expenses of going to or from work.
- Education that you need to meet minimum requirements for your job or that will qualify you for a new occupation.
- Expenses of:
  - a. Travel as a form of education.
  - b. Attending a seminar, convention, or similar meeting unless it is related to your employment.
- Fines and penalties.

## Instructions For Schedule B Interest and Dividend Income

### Purpose of Schedule

Use Schedule B if you are filing Form 40NR and had more than \$400 in interest and dividend income in 2000.

**Mutual Fund.** If you received a 1099-DIV, or 1099-INT, or Substitute Statement from a mutual fund or brokerage firm, you must include the total interest or dividends shown on that form on Schedule B, line 1.

Nonresidents are not taxed by Alabama on interest and dividend income. However, the interest and dividends you received in 2000 that would be taxable to a resident of Alabama must be included in the total adjusted gross income from all sources in order to compute the ratio of Alabama adjusted gross income to the total adjusted gross income from all sources.

## Line 1

Report on line 1 the total interest and dividends you received in 2000.

## Lines 2 and 3

A resident of Alabama is not taxed on interest received from the following sources:

- (1) Obligations of the United States or any of its possessions.
- (2) Obligations of the State of Alabama.
- (3) Obligations of county, municipality or other subdivision of Alabama.

If you received income from any of these sources, list the source and amount(s) on lines 2a through 2d. Add the amounts on these lines and enter the total on line 3.

## Line 4

Subtract the amount on line 3 from the amount on line 1, and enter the result on line 4. Also enter this amount on Form 40NR, page 2, Part I, line 1, column B.

## Instructions For Schedule D Gain or (Loss) From Sale of Real Estate, Stocks, Bonds, Etc.

### Purpose of Schedule

Use Schedule D (Form 40NR) to report the sale or exchange of real estate, stocks, bonds, and other assets.

**Mutual Fund.** If you received a mutual fund or brokerage statement reporting capital or ordinary gains, you must include these amounts on Schedule D, on line 1.

The gain or profit from any sale, exchange, or other disposition by a nonresident of real or tangible property located in Alabama is taxable even though it is not connected with a business carried on in this State.

The gain or (loss) realized from the disposition of property located outside of Alabama is not taxable to a nonresident, but the gain or (loss) must be included in the total adjusted gross income from all sources in order to compute the ratio of Alabama adjusted gross income to total adjusted gross income from all sources.

The gain or profit of a nonresident from the sale, exchange, or other disposition of intangible personal property including stocks, bonds, and other securities, is ordinarily not taxable and should not be included in gross income except to the extent that such intangible personal property has acquired a business situs in Alabama. Likewise, losses sustained from the sale, exchange, or other disposition of such property are not deductible except to the extent that they are losses incurred in a business carried on within Alabama by the nonresident taxpayer.

**Gain from Sale of Personal Residence.** If you sold your personal residence, any gain realized is taxable to the same extent as reported on your federal return. If the personal residence was not located in Alabama, the gain should be reported in column B only. If the personal residence was located in Alabama, the gain should be reported in columns B and C. A loss sustained on the sale of a personal residence is NOT deductible.

If a taxpayer elects to determine gain under 26 USC 1033 (relating to involuntary conversions), the amount of gain recognized for Alabama purposes shall be determined in accordance with the same Federal statute.

### Line 1

Enter on line 1, the total gain or (loss) from the sale of all assets not subject to Alabama tax.

### Line 2

The gain from the sale of all Alabama assets should be reported in detail in columns a through f. If more space is needed, use separate sheets with identical columnar headings.

### Line 3

Add the amounts in each column and enter the totals on line 3, columns c, d, e, and f.

### Line 4

The total of columns e and f should be subtracted from the total of columns c and d. The net gain or (loss) should be entered on line 4, columns B and C.

### Line 5

Add the amounts on lines 1 and 4, column B and enter the total on line 5, column B. The amount on line 4, column C, should be entered on line 5, column C. These totals should also be entered on Form 40NR, page 2, Part I, line 5, columns B and C.

## Instructions For Schedule E Supplemental Income

### Part I (Lines 1 through 5)

#### Rents and Royalties

If you received rent from property owned or controlled by you, or royalties from copyrights, mineral leases and similar rights, report the total amount received on lines 1 through 5 of Schedule E. If property other than cash was received as rent, its fair market value should be reported.

A reasonable allowance for the exhaustion, wear and tear, and obsolescence of property used in a trade or business, or of property held by the taxpayer for the production of income, shall be allowable as a depreciation deduction. The allowance does not apply to inventories or stock-in-trade nor to land apart from the improvements or physical development added to it. Federal 179 Depreciation Expense allowed by 26 U.S.C. § 179 is allowable depreciation for Alabama purposes.

The total net gain from all rents and royalties from sources outside Alabama should be shown on line 1. Income from rents and royalties from property located in Alabama should be detailed in columns 2a through 2e. If more space is needed, use separate sheets with identical columnar headings.

The net gain or (loss) from all items listed in lines 1 through 4 should be entered on line 5.

### Part II (Lines 6 and 7)

#### Partnerships, Estates, Trusts, S Corporations

Use lines 6 and 7 to report income you received from Partnerships, Estates, Trusts, and S corporations. Alabama taxes income from these sources only to the extent the income was earned in Alabama.

List the income you received from these sources on lines 6a through 6e. Show the name,

address, and FEIN of each partnership, estate, trust, etc. Report the total income received from these sources in column B and only the income earned from Alabama sources in column C.

**Partnerships.** A partnership does not pay income tax in the firm's name. Each partner must report on his personal tax return his share of the partnership's income and pay tax on it.

**Estates and Trusts.** Nonresidents are taxed on income from estates and trusts only to the extent that the income was earned in Alabama. The administrator, executor, or trustee should advise you of the amount to report.

**S Corporations.** An "Alabama S Corporation" means any domestic corporation or foreign corporation qualified to do business or doing business in Alabama which has in effect an election to be an S corporation under 26 U.S.C. Section 1362.

If you are a shareholder of an Alabama S corporation, you should receive an **Alabama Schedule K-1 (Form 20S)** from the S corporation. Do not attach the schedule to your return. Keep it for your records. Report your share of the income (whether you received it or not) or net loss (not to exceed your basis) of the corporation in Part II. A nonresident **must** pay tax on his share of an Alabama S corporation's income.

If you claim credit for taxes paid by an S Corporation on your behalf, enter this amount on line 24 of Form 40NR, and write "20SC Composite Payment" on the dotted line. Also complete the information requested on page 2, Part VI, line 7.

The net gain or (loss) from all items listed in lines 6a through 6e should be entered on line 7. Also include these amounts in summary on line 8 of Part III.

### Part III (Line 8)

#### Summary

Combine the amounts you entered on lines 5 and 7, columns B and C. Also enter these totals on Form 40NR, Part I, line 6, columns B and C.

# Refund Hotline

The Alabama Department of Revenue's Voice Refund Inquiry System (VRIS) is a 24 hour a day Refund Hotline. The Department installed the Refund Hotline to serve the taxpayers of Alabama more efficiently and effectively.

The refund hotline is a simple, easy way for individuals to check on their Alabama income tax refund. To access the hotline, all the taxpayer needs is a touchtone phone, and a copy of their current year tax return.

## How does it work?

The individual, with a copy of their return in hand, calls the refund hotline, (334) 353-AL40 (2540). The individual is asked to enter the following information by pressing the numbers on their phone keypad:

Step 1: The Form Type  
Press 1 for Form 40A  
Press 2 for Form 40

Press 3 for Form 40NR  
Press 4 for an electronically filed return

Step 2: The first taxpayer's social security number (all nine digits).

Step 3: The filing Status from the Return.  
Press 1 for Single  
Press 2 for Married Filing Joint  
Press 3 for Married Filing Separate  
Press 4 for Head of Family

Step 4: The whole dollar amount of the refund.

After this information is entered and verified, a message will inform the individual of the status of the refund. Simple, quick, and easy!

---

**NOTE: INCORRECT INFORMATION MEANS AN INCORRECT ANSWER.**

---

All of the information you enter by phone must match all the information on the Revenue Depart-

ment's computer system **exactly**, or you will be told that your return is not on our system.

If you are told that the Department does not have your return, DO NOT PANIC! Did you enter the information correctly? If you are not sure, try again. If you did enter the information correctly, has your return been mailed long enough for it to be entered into the Department's computer system? Please allow enough time for your return to be entered into the system before calling back. The Department monitors the time it takes for a return to be entered into the Department's computer system and adjusts the time in the messages accordingly. The closer to April fifteenth that you file your return, the longer it will take to be entered into the system.

Remember, make sure you obtain a copy of your return from your tax preparer because the refund hotline is not just the quickest and easiest way to check on your refund, it is the best way to check on your refund.

# Tax Table

## Based on Taxable Income

This tax table is based on the taxable income shown on line 19 of Form 40NR and the filing status you checked on lines 1, 2, 3, or 4 of your return.

### EXAMPLE:

Mr. and Mrs. Brown are filing a joint return and checked box 2 on their return. Their taxable income on line 19 of Form 40NR is \$23,360. First, they find the \$23,300 - \$23,400 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,088. This is the amount they must write on line 20a of Form 40NR.
